गांधी जी का जन्तर

तुम्हें एक जन्तर देता हूँ। जब भी तुम्हें सन्देह हो या तुम्हारा अहम् तुम पर हावी होने लगे, तो यह कसौटी आजमाओ :

जो सबसे गरीब और कमजोर आदमी तुमने देखा हो, उसकी शकल याद करो और अपने दिल से पूछो कि जो कदम उठाने का तुम विचार कर रहे हो, वह उस आदमी के लिए कितना उपयोगी होगा। क्या उससे उसे कुछ लाभ पहुंचेगा? क्या उससे वह अपने ही जीवन और भाग्य पर कुछ काबू रख सकेगा? यानि क्या उससे उन करोड़ों लोगों को स्वराज्य मिल सकेगा जिनके पेट भूखे हैं और आत्मा अतृप्त है?

तब तुम देखोगे कि तुम्हारा सन्देह मिट रहा है और अहम् समाप्त होता जा रहा है।

Basics of Savings and Investment

- **Savings**

1. Short term

2. Value remains stable
3. Lower returns over long term

- **Investing**

1. Long term
2. Value moves up and down in short term
3. Potentially higher returns over long term

- **To Remember**

1. Needs are basic necessities one cannot wish away
2. Wants make life more comfortable, but can wait

SECOND SESSION ON 14TH DECEMBER

Shri Jasbir Singh Walia

Types of Insurance

- Term Policy-Life Insurance
- Money Back Policy
- Endowment Policy
- ULIP (Unit Linked Insurance Plan)

General Insurance

- Medical Insurance
- Floater Medical Policy
- House Insurance

THIRD SESSION ON 14TH DECEMBER

Shri Naresh Ramteke

Brief details on Investments Fundamentals as shared by Shri Naresh Ramteke are as follows-

How to achieve financial goals

- Arrange goals in order of their time to reach (short term, followed by medium term and lastly long term).
- Plan investments for each goal.

Risk and Return

“High risk high returns” does not mean by taking high risks one is assured of high returns; it only means that the possibility of high returns exists. Conversely low risk low returns means that if one takes low risks....one should be satisfied with low returns!

- Risk and investing go hand in hand
- Risk increases as the expected potential return increases
- Even “no-risk” products such as savings accounts and government bonds carry the risk of earning less than the inflation rate
- It is crucial to manage your risk

The phrase “high risk high returns” must be changed to “high risk high potential returns”.

Instruments

- Low Risk – Cash, Bank FD
- Medium Risk – Debentures, bonds, fixed income mutual funds
- High risk – Equity shares, equity mutual funds

Savings & investment related products

- Bank deposits
- Government Schemes
- Bonds / debentures
- Company fixed deposits

- Mutual Funds
 - Debt
 - Equity
 - ELSS
- Equity shares
- Depository system

- Identity fraud

To Educate Customers

“Do not divulge your debit card/credit card details (card number, CVV number, pin, etc.) of any kind over phone, e-mail or any other means of communication. Bank’s officials never ask for these details. Please exercise following caution:

- Not to fall prey to fraudster’s requests for big deposit / an exceptionally large deposit.
- Checking credentials of letter / Proposal, Proper Due-diligence on the proponent.
- Intention of such request to be looked and to analyze Possible Risk involved
- Obtain signatures and other KYC document from the account opener directly. If needed, visit his office or home to collect the same.

FOURTH SESSION ON 14TH DECEMBER

Shri Rakesh Kumar Gulati

Brief details on Financial Frauds as given by Shri Rakesh Kumar Gulati are as follows-

Common examples of Cyber Crimes

- Net banking and ATM frauds
- Identity theft
- Hacking
- Denial of service
- Fake calls
- Lottery scam

Cyber Crimes categories of highest concern

- Internet banking and ATM fraud
- E-banking (credit card, debit card)

Workplace fraud safety awareness needs to be a top priority

This awareness helps keep employees and employers safe during their time at work. Workplace frauds have an enormous impact both financially and emotionally on the institution / employee.

- Not to act on instructions received from unregistered email, without cross verification –by way of communication to alternate registered e-mail, tele-phone, fax etc.
- Requesting for Pre- mature withdrawal of TDR (Including NRO /NRE deposits) and transfer of funds to third party

- Requesting Generation Login Password / Transaction Password

Internet banking, ATM frauds and Technology related Frauds

- SIM Swap
- Vishing – Fraudsters use the phone to solicit personal credentials & siphon off funds from Credit Card / Debit cards/ Accounts.
- Smishing – It uses cell phone text messages to lure consumers. Often the text will contain an URL.
- Phishing – A technique used to obtain personal credentials through a fake email.
- Skimming
- Hacking – Hackers/fraudsters obtain unauthorized access to Core Banking / Internet Banking / Credit Card system of the bank for stealing the credentials of the customer for issuing counterfeit Cards or for siphoning of funds from Accounts.
- Pharming – A similar technique where a fraudster installs malicious code on a personal computer or server. This code redirects the user to bogus Website that mimics appearance of legitimate website, in order to obtain personal information like password, A/c No., Debit/Credit Card No., CVV No., etc.

Ponzi schemes

Ponzi schemes promise high returns and low risk. Initial investors may get high

promised returns. Money from initial investors is given to new investors – thus it is only rotation of funds, not investment of funds. If it's too good to be true – it's probably not true. It's a Ponzi!

Ponzi schemes are when investors are promised huge returns which are unrealistic and at very low risk.

CONCLUSION

Training ended on positive note with all the participants leaving to their States after receiving their certificates in valedication on 15th December, 2020.

It could well be noted that we all learnt a lot from this training and are now equipped to take forward this training program on ground level to aware the general public about being cautious while making financial investments and educate them about various ways of making secure investments to earn capital gains.

Upon going through the feedbacks shared by participants about the Resource Persons, it could be summarised that although, the contents of a particular session prepared by Resource Persons were academically full of facts but some of them were impractical in their way of communication and their presentations weren't upto the mark.

Resource Persons such as Shri Vikas Kumar Joshiya, Shri Naresh Ramteke, Shri Rakesh Kumar Gulati and Ms. Hardeep Kaur were found inexperienced in their way of connecting to the audience and were not able to impart the lasting experience on participants. Whereas, on the other hand, Shri Jasbir Singh Walia connected well with the audience, Mr. Satish Anand could be rated as average provided the importance of topic and conclusively, Ms. Monica Chhabra finished with an informative session.
